Professional Summary

Experienced and proactive Technical Lead with 10+ years of expertise in full-stack web and cross-platform desktop application development. Specialized in MERN stack, Electron.js, and scalable architecture with deep knowledge of cloud deployments (AWS, GCP). Strong leadership skills in managing cross-functional teams and delivering production-grade applications while ensuring engineering best practices in agile environments.

Technical Skills

Frontend: React.js, React Native, Next.js, Tailwind CSS, HTML5, CSS3 **Backend:** Node.js, Express.js, REST APIs, GraphQL **Databases:** MongoDB, PostgreSQL, Firebase, Supabase **DevOps & CI/CD:** GitHub Actions, Docker, Vercel, Fly.io, Netlify, AWS (EC2, S3, Lambda), GCP **Desktop Applications:** Electron.js, IPC communication, Node integration **Project Management:** Agile, Scrum, Jira, Trello **Testing:** Jest, Playwright, Cypress, Manual & Automated Testing **Tools:** TurboRepo, Clerk, Redis, Drizzle ORM, Prisma, Mongoose **Other Skills:** Cloud Computing, WebSockets, ABAC, SaaS Multi-Tenancy, TypeScript, Semantic UI

Professional Experience

Founder & Technical Lead

Paathshala EduCare & ZenApps (Remote) | 2013 – Present

- Led the development of scalable ed-tech platforms (LMS, exams app, digital whiteboard) using MERN stack and Electron.js..
- Managed a team of 10+ developers and QA engineers, overseeing agile processes such as sprint planning, stand-ups, and retrospectives.
- Designed multi-tenant architecture with ABAC-based role management and secure authentication using Clerk.
- Implemented CI/CD pipelines using GitHub Actions for Next.js and NestJS apps deployed via Fly.io and Vercel.
- Conducted direct client interactions (India, US, UK) for requirement gathering, demos, and project delivery.

- Built and optimized task management, video conferencing (Amazon Chime SDK), and real-time applications using WebSockets and Redis.
- Developed automated billing dashboards and cross-org reporting tools to support executive decisions.

Key Projects

ZenCanvas (Digital Whiteboard App)

- MongoDB + Mongoose-backed flexible schemas; Redis Streams for playback-style teaching.
- Real-time collaboration powered by WebSockets; Electron wrapper for a seamless desktop experience.

ZenExams & ZenTasks

- Full-stack applications for exam and task management, including role-based access, analytics, and dashboards.
- CI/CD, test automation, and modular UI using ShadCN, TailwindCSS, and reusable components.

Client Interaction & Time Zone Handling

- Extensive experience collaborating with Western clients for scoping, estimation, and feedback cycles.
- Skilled in leading teams during IST hours while aligning with US/UK schedules for calls and demos.

Education

🎓 **B.Tech. in Electrical Engineering** – Indian Institute of Technology (IIT) Bombay | 2007 – 2011

Certifications

✅ AWS Fundamentals – Udemy ✅ Agile Project Management – Udemy

Languages

🗣️ **English** – Fluent (Speaking, Writing, Reading, Listening) 🗣️ **Marathi, Hindi** – Native
